MESSAGE TO COMPANY BY CAPT.TATUM

This company was launched in the CCC World on Aug, 24, 1935. It was visited by a hurricane on Sept. 4th, which broke up one of the barracks and blew down most of our trees, but it did not hurt the morale or break down the company spirit.

The cadre sent to form the nucleus of the company, coming here from Co. 1432, Clayton, Ala, have performed their duties creditably. The rookies, with a few exceptions, have put their shoulders to the wheel and are working for the camp.

This company is going to be heard from in the CCC. To date, one month and two weeks after organization we have not had a single desertion. We are proud of our barracks, and intend to issue a challenge to other camps for neatness, cleanliness and orderliness. We are going to put our kitchen and mess-hall in such shape that it will be second to none. We are not bragging--come and see for yourself.

One thing, boys, has no place in this camp life. Remember it, or forget it and be sorry. That is whiskey. Let it alone. On visits to nearby towns, those members who do not conduct themselves honorable, will be left in camp

WEEKLY NEWS ITEMS

PAY DAY

Buzzards may fly high in mobile, but the Eagle flew low here Mon. screaming an average of six times to most members of the company.

The company was formed in front of the orderly room and Capt. Tatum gave a short and worthwhile message on taking care of money, an art equally as difficult to attain as the money itself. A penny saved is a penny earned and with these thoughts in mind the company passed through in line and received the golden sheaves.

SUNDAY SCHOOL ORGANIZED

Several weeks ago a Sunday School was organized by members of the camp, Fred Hunter acting as superintendent. The class meets at 9:30, Sunday morning, in the recreation hall. At present lessons are taken from the New Testament and it is hoped that in the near future lesson sheets may be obtained from the Chaplain.

BIG PARTY WED. NIGHT

Members of the company are indebted to the Shilow Baptist Church of Madison for a very enjoyable evenings entertainment last Wed. The company as a whole was invited and six trucks, taking all who cared to go, left soon after supper. We wish to thank the members of this church for a very good time and for the interest they have shown to the boys of the camp.

GLEE CLUB NOTES

The Glee Club put on its first program Sun. Sept. 22, at the annual reunion of the wigginsville Baptist Church, the program being directed by Curtis Read. Several numbers were given by quartets and others by the entire club.

Sunday, Sept. 29, the quartet sang two numbers at the Madison Baptist Church at a special program and carried off honors. T

The Glee Club has established an excellent record for its ability to sing and entertain. Twenty members are practicing six hours a week and many trips are planned for the future.

EDUCATIONAL PROGRAM

Mr. Bell, who has been assigned as CEA to this company, has been in camp several days preparing and outlining the educational program. Several classes have already started and it is hoped that by next week the program will be fully under way. Watch the bulletin board for announcements.

In addition to his duties here, Mr. Bell also has charge of the educational activities at Foley, with Company 1410; however, he will spend approximately half his time with this company.

DISCHARGES

Three members of the company were discharged during the past week. These men were, Willie Jackson, Charles Cooks and Alex. Dennis.

We enjoyed having these men with us and hope they will all obtain good jobs back home

NEW LOCAL ENROLLEES

Sixteen new men were enrolled several days ago. These men are all from the surrounding communities and at present are under quarantine here in camp and it is to them that we owe many of the improvements that are helping the general appearance of the camp

*** BASEBALL ***

The Aucilla Giants defeated the Camp Hurricane nine in a hard fought nine inning game, the score being 15 to 60

This was the first game the boys have played; however, much better results are expected in the return game.

The Hurricane Boys used two pitchers, but were never able to overcome the Giants lead.

BOXING RING BUILT

A new standard size boxing ring has just been completed near the Recreation Hall. Gloves and other equipment will be here Saturday, when practice will actually begin.

Lights will be placed over the ring to permit night practice, and all are encouraged to try out in order that a team may be selected to represent the camp.

****BOOKS FOR GLEE CLUB**

A number of folders have been prepared by Mr. Bell, containing words to a number of the old favorite songs. Some of these have already been issued to members of the Glee Club, others are still in the library. If any member of the company has the words to some song he wants the Glee Club to sing, turn it in to the library.

CHAFF

Willie sowed his wild oats-He's now praying for a crop failure.

Fair maid: "So you're a naval surgeon. My goodness, how you doctors do specialize

Some people can stay longer in an hour than others can in week

John's head was like a doorknob-anybody could turn it

Clerk: "Yes sir. That's the smartest hat we've got"

Jimmie: "It doesn't have to be smart. I'll put the brains in it"

And speaking of hats

Such happiness I've never known,
Today has been Red Letter--
A friend showed me his new fall hat
And I like mine much better.
